

Regional Avionics Repair LLC - Warranty Policy

Regional Avionics Repair LLC warranty will remain in affect for twelve (12) months on work performed.

1. **Regional Avionics Repair LLC** warrants that the products repaired and overhauled shall be free from defects in material, workmanship; conform to the specifications; and be suitable for their intended use for twelve (12) months after 8130 is generated. This warranty covers components installed and maintained in accordance with instructions and manuals of the aircraft manufacturer and used under normal operating conditions.
2. Warranty applies to parts and labor specific to work performed. Does not cover non-related failures that may occur within warranty period.
3. Where instances of unit previously tested and returned to service as No Fault Found (NFF) and further confirmed failure occurs within warranty period, credit applies to value of previous NFF charges only.
4. If an AHC unit is shipped in an unapproved shipping container the Warranty is Void.
5. RAR will not be responsible for custom/duties or any shipping charges.
